“ The passing of a loved one is one of the hardest things a man/woman has to go through, some people are lucky and they have a long time with that person while others have to go through the struggle of losing them way to soon, but if you remember the happy memories that you had with Sean, then it could be as if he was still there, and he is always in your heart.

I never knew him, I don't know his friends, and I don't know his family but I do know what it is like to lose somebody close, my father, and I know that this would at least help me, so I am hoping some encouragement will help Sean's family and friends to.

“ Sean and I were best friends in High School and he was one of a kind. he and I were great fans of David Bowie so thought of Sean again with Bowie's passing. wish we had kept in better touch but will always have amazing funny memories of Sean. he was way smarter and beyond the world in many ways but dragged down as many are by the day to day. never a better friend or companion and just the life of the party. stories are endless and wish his family and loved ones all the best. I will remember him as one of a kind during the glory days. too hard to even recreate what a massive sheer blast Sean was back in the day. legend in his own time.

“ I have been friends with Sean for over 25 years. He was one of the nicest guys i have ever known. He was one of those kinda friends that you could count one for anything, i could tell him anything and he would always make me feel better. We just so happen to share the same last name but with no relation. I love and miss you very much Sean. RIP Love Jamie Armstrong.

“ Sean was a great friend and employee of mine. I knew him 15 years and he worked for me about 7years. We never had an argument in that time. We did have issues, but worked them out in a calm manner. He attended both my mother and fathers funerals.
I taught him how to golf and that became one of his passions. He is a great person, a great friend, and someone I will allways remember. God be with him.
